SCHOOL NEWSLETTER

Term 1, Autumn 2026 | Celebration Newsletter

Dear Parents and Carers,

We've had a busy start to the Autumn term with lots of exciting activities going on! Do enjoy reading all about it in this celebration newsletter.

Kind regards, Mr Etherton, Headteacher

Welcome!

We have a lovely cohort of new Reception children who have settled into the school. We have also welcomed 11 older children who have joined Key Stage 1 and 2 classes since September.

Team Building Day

We started the year with a team building day. It was fabulous to see children working together and problem solving around our school grounds. Thank you to all those who helped make this day possible.

Harvest assembly

Thank you to everyone who contributed to our harvest festival – the food will be distributed to local food banks. Thank you to Fr Simon who led our special assembly.

Fun Run - #3

This year we ran our 1k course anti-clockwise with children, staff and parents completing up to 10k! Thank you to all those who helped or took part in this fantastic event.

Fundraising

The fun run has raised £755 towards the climbing frame fund but we still have a way to go to reach our target.

Please share this link with family and friends and please let us know if your workplace offers match funding. The children hope that the new equipment is installed as soon as possible!
Crowdfunding For Good From JustGiving

Grandparents Visit

Despite a wet and windy day over 100 grandparents visited classrooms and joined our special assembly.

We talked about the importance of telling historical family stories.

Some grandparents attended the original Seaford Primary School building!

We are also grateful that grandparents donated an additional £295 toward our climbing frame!

BCatering Management Ltd
It's all about you ...

Yummy food!
Children and staff are enjoying the new lunch offer! We have fresher food and better menus.

Year 2 singing at St Peter's

We are extremely proud of our Year 2 singers who sang at St. Peter's church last term. This is what Anne from the church said about them:

"Thank you for bringing the children up to sing for us at our Harvest for All service on Friday morning. We have had so many comments and 'Thank you's' from the folk who joined us, and the care homes' staff who have been reporting their residents saying how wonderful their day had been and how glorious the children were. The children's behaviour was impeccable and their singing fabulous. Thank you so much for bringing such joy into the community"

Books at Breakfast

We welcomed many children and parents to our popular book-sharing morning in September.

Thankyou to the PTA for the recent school discos and craft sessions. A lot of hard work goes into preparing a special evening for everyone.

Information about ordering products with your child's Christmas design will be coming home soon and we are expecting a special visitor with presents for each class before the end of term!

Art

Children have been busy chalking up designs on our playground for our mural at the front of the school.

We all want sea creatures – which our classes are named after.

One of our parents has put this together – what a wonderful painting!

If you can help your class paint their class sea creature – be in touch!

Thankyou to Brewers Seaford store for the generous donation of paint and plenty of brand new painting supplies for our school mural. Keep your eyes peeled for progress on the mural.

Sports Update

Last term Year 6 girls were invited to a rugby festival at the Salts. We took two teams which were very successful finishing 2nd and 3rd in their groups. Thankyou to Kevin at Seaford Rugby Football Club for organising the event!

Year 6 football club will kick off in term 3 to train for the local league and the Jarvis Kenrick Trophy. Sign up info to follow.

We will also have a group of children attending the 'Inclusive Target Activities Festival' at Seaford Head School in December.

Bikeability

Well done to the Year 5 pupils who have completed their cycling proficiency this week. Cycling is such a great way to keep active and enjoy the outdoors with many physical and mental health benefits.

Wellbeing Wednesdays

To improve mental health and wellbeing we have started introducing wellbeing activities for Staff and children on Wednesdays. You can also find lots of ideas and helpful mental health resources on our website Seaford Primary School - Mental Health and Wellbeing Signposting
