16th May 2022

Dear Parents/Guardians,

As part of our science curriculum and the new statutory Health and Relationships education, throughout Term 6 we will be teaching the children about the changes that will occur in their bodies as they grow.

These RSHE lessons will be taking place from the week beginning Tuesday 7th June 2022. The areas to be covered in Year Reception are:

- Discuss things we can do and foods we can eat to be healthy
- Understand how we all grow from babies to adults
- Learn to talk about body parts using the correct language and discuss private parts of the body in response to children's own needs and curiosity
- Express how we feel about moving into Year 1
- Discuss our worries and the things we are looking forward to as we move into a new year group
- Share our memories of the best bits of our Reception year

Please be assured that this topic will be taught appropriately and sensitively and form part of both Science and RSHE. However, parents/guardians have the right to discuss and/or withdraw from specified areas of the curriculum. This must be done via consultation with one of the RSHE subject leaders (Mrs Roderick or Miss Robards). Please note this discussion must be had before Friday 27th May.

Thank you for your support.

Mrs Roderick and Miss Robards
