Mandala..all in the detail

Step by step…take your time!

Find a series of circular objects varying in size

2. Draw round the largest shape

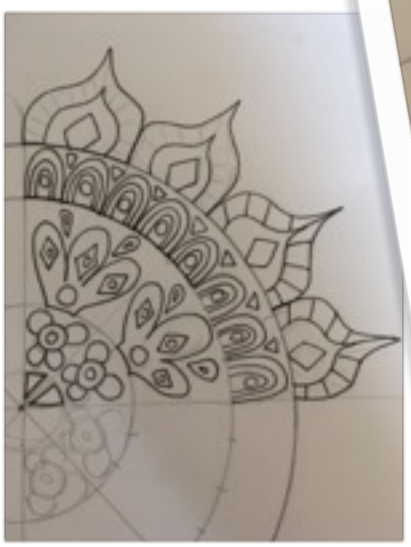
Gradually reduce the size, trying to place them in the centre

Draw a dot in the centre

3.Draw a line through the middle (diameter)

then divide it into quarters then again into eights

4. Start to add patterns from the sheet or your own…doodle away!



5. Add in smaller details

6. Choose symbolic colours and then go over the design with pen make a full circle
